As far as vacation spots go, Myrtle Beach has just about everything. And that includes great boating. And you don't need to have a ton of money to buy your own boat. Myrtle Beach boat rentals are a big hit with Myrtle Beach vacationers.

Myrtle Beach is the most visited vacation spot on the US mainland each year because of the great weather, fantastic beaches, and almost unlimited activities for vacationers, from restaurants to theme parks to entertainment spots, to the nightlife, to a hundred golf courses.

Myrtle Beach boat rentals complete the vacation picture. With the intercoastal waterway on one side and the Atlantic Ocean on the other, there is great boating in Myrtle Beach.

And you have a great variety of boats to choose from, including kayaking on the Atlantic. They also have larger boats available for family and friend gatherings for a day lounging and enjoying the sun and the water. Check out Myrtle Beach pontoons for sunning, fishing, or just cruising the ocean while throwing some shrimp on the barbie.

For those interested in fishing while in Myrtle Beach, you can have all the fishing equipment you need as part of your Myrtle Beach boat rental, including fishing licenses. So if fishing is only part of your Myrtle Beach vacation package and you don't want to lug your own fishing equipment don't worry about it. You won't need. This also goes for those of you that want to try fishing as a new experience. You won't need to buy your own fishing gear.

Everything else you'll need is made available for you as well as part of your Myrtle Beach boat rental experience, from the fishing gear, to safety equipment, to snacks and beverages. So just kick back and enjoy your Myrtle Beach boating experience.
